2025 School Year October

NWL emerges as an urgent response to transform traditional education. Inspired by the best educational practices worldwide and committed to the UN Global Goals with an innovative educational model.

With a solid 16-year experience in the comprehensive education of preschool, elementary school, and middle school, NWL students have stood out as an educational reference point in Querétaro and San Miguel de Allende.

What are the benefits of double degree?

The double degree obtained with our accreditation with Hokku Academy, gives NWL students credentials recognized by both the U.S. and Mexico. This provides our students with extra learning resources, and guidance to boost their international academic profile.

Why is philosophy important?

Because it teaches students to **think for themselves**, to **dialogue with respect** and to make **conscious decisions**. At NWL, philosophy develops **critical, empathetic and responsible** individuals, prepared to understand and **transform their world**.
